**LENNOX**

## AIR IS LIFE. MAKE IT PERFECT.™

At Lennox, we make people feel more comfortable. We make the air cooler, dryer, cleaner and better, with innovative systems that are exceptionally quiet and energy efficient.

### HISTORY.

Beginning with the introduction of the world's first riveted-steel furnace in 1895, Lennox has focused on delivering on the values of trust, innovation and quality. Lennox window unit air conditioners are supported by these values today, as well as over a century of heating and cooling experience.

### EXPERTISE.

When you select a Lennox window unit air conditioner, you're choosing technology backed by expertise. Lennox HVAC professionals and Dealers understand the challenges faced by contractors and owners alike in designing and specifying a heating and cooling system.

### QUALITY.

Lennox window unit air conditioners are manufactured in an accredited ISO9001 quality assurance system environment; and are extensively tested and proven to make sure they meet the exact standards Lennox sets for reliability.

## PERFECT AIR WHERE YOU REQUIRE IT.

A convenient and economical alternative, Lennox window unit air conditioners are fast and easy to install in window and wall areas.

The Lennox window unit air conditioner makes a noticeable difference to your living comfort and wallet. Your bedroom, lounge room, study or home office will feel cool in summer and cosy in winter, without heating up your energy bills.

Furthermore, the Lennox window unit air conditioner is also ideal for small commercial avenues like retail shops, small offices, on-site work sheds, school classrooms and office buildings where ducted air conditioning or split systems are not practical. It's easy on the eye and budget, and provides year-round climate control at the touch of a button.

### FEATURES & BENEFITS:

#### Digital Display

Provides absolute accurate to the degree room temperature control.

#### Remote Control

At the push of a button, you can conveniently control the complete operation of your air conditioner from where you are.

#### Fresh Air Circulation

Humidity inside your home or office can be controlled by circulating fresh air through your air conditioner.

#### Auto-Restart

Restarts and resumes previous operating mode automatically if the power supply is interrupted during operation.

#### Sleep Mode

Automatically adjusts the temperature set point gradually to ensure comfortable conditions are maintained whilst saving on energy costs.
