

## RLS Brand to replace Parker Zoomlock at Kirby October 2020

---

To all concerned,

**RLS® LLC (“RLS”) will no longer supply its patented press fittings to Parker Hannifin Corporation (“Parker”) for the ZoomLock™ brand.**

RLS introduced its patented fittings in 2015 and partnered exclusively with Parker at that time. RLS has since manufactured and supplied millions of fittings for Parker’s Sporlan Division to sell under the ZoomLock™ brand.

ZoomLock™ products have been made available to Kirby customers over the last 4 years and the product range has achieved reached broad market acceptance. The changes between RLS® LLC and Parker Hannifin Corporation have no impact on availability and Kirby will continue to offer the complete RLS product range.

Whilst the change between Parker Hannifin and RLS® LLC is immediate it is important to note that Kirby will continue to supply products that are packaged ZoomLock™ and RLS branding through our stores whilst existing stock is consumed.

Further detail regarding this announcement can be found here;  
<https://www.rapidlockingsystem.com/>. For any other concerns relating to this change please contact your Kirby sales representative or local branch on 13 23 50.

Kind regards,

Brett Hedge  
National Sales & Marketing Manager

Original. Patented. Proven.
