Know someone who will thrive in our environment? We are looking for talented people - referrals are welcome!

Should you wish to be considered for one of the above roles, please send your CV or expression of interest to the relevant contact person listed above.

CUSTOMER SERVICE REPRESENTATIVE:

We are looking for an energetic, self-motivated, Customer Service Representative who is passionate about delivering exceptional customer service. If you are committed to work in fast paced, sales focused and team orientated environment, this role may be for you. Whilst not essential, the ideal candidate will have basic Refrigeration or Air Conditioning knowledge, or be eager to learn.

Skills required:

- General sales experience.
- Current forklift license preferred or willing to learn.
- Preferably experienced with an in-store sales system.

BRANCH LEADER:

We are looking for an energetic, self-motivated Branch Leader who has great leadership qualities and is passionate about delivering exceptional customer service. If you are committed to work in fast paced, sales focused and team orientated environment, this role maybe for you.

Skills required:

- Experience leading a team, be customer focused and solutions orientated
- Solid communication skills (verbal, written & listening) and computer skills.
- Basic Refrigeration and/or air conditioning knowledge, or eager to learn.

FIELD ENGINEER:

We are looking for an energetic, self-motivated, experienced Field Engineer who has a strong engineering and sales knowledge to provide technical support and product advice to our internal and external customers.

Skills required:

- Tertiary qualifications in an Engineering or equivalent experience acquired in the HVAC&R industry.
- Have the ability to train and provide instruction to others.
- Have a positive, professional and proactive attitude.
- Be customer focused and solutions orientated with solid communication & computer skills.
