

4th June 2026

Catalogue Price Review July 2026

To our valued customers,

Please be advised that we will be having a catalogue-wide price review with changes effective on the 6th of July, 2026.

Whilst this review will impact a number of SKUs, there will be some exceptions, and we will be holding our catalogue pricing where practical. Changes can be expected on Refrigeration Equipment, Parts and Refrigerant.

Whilst Refrigerant price movement is included as part of the catalogue review, we anticipate that there will be continued adjustments through the remainder of 2026.

Refrigerant quota means that supply of some refrigerants will be restricted, and it is important that customers plan to transition to alternative refrigerants where possible.

Kirby is well placed to support you with your transition to lower GWP refrigerant equipment and equipment running on natural refrigerants. More can be seen here <https://www.kirbyhvacr.com.au/sustainability>

To view your updated pricing, customers can log in to the smart@ccess customer portal.

We appreciate your continued business and support. We hope this advance notice assists you with planning your existing projects and future requirements.

Kind regards

Brett Hedge
General Manager
